Supplemental Ex Parte Quayle

This application is in condition for allowance except for the following formal matters:

I. Priority

It is noted that this application claims subject matter disclosed in prior Applications. A reference to the prior applications must be inserted as the first sentence(s) of the specification of this application as follows:

This application is a Continuation-in-Part of U.S Patent application serial number 08/376,067, filed January 20, 1995, which issued as U.S. Patent No. 5,553,611, which is a continuation of U.S Patent application serial number 08/178,128, filed January 6, 1994, now abandoned. This application is a reissue of U.S Patent application serial number 08/387,832, filed May 26, 1995, now U.S. Patent No. 6,240,307, which is a 371 of PCT/US93/09015 filed on September 23, 1993, which was a Continuation-in-Part of USSN 07/950,448, filed September 23, 1992, which issued as U.S. Patent No. 5,297,549 and USSN 07/949,690, filed Septemebr 23, 1992, now issued as U.S. Patent No. 5,311,866.

II. Information Disclosure Statement

The information disclosure statements filed June 1, 2006 fail to comply with 37 CFR 1.97(d) because they lacks a statement as specified in 37 CFR 1.97(e). They have been placed in the application file, but the information referred to therein has not been considered.

III. Assignee

The most recently filed consent of assignee and statement under 3.73(b) do not reflect the current assignee information. **The applicant must submit papers which accurately reflect the current assignee.** The Consent of assignee states that Endocardial Solutions, Inc is the assignee and that is no longer the case; the consent does not reflect the current assignee. Likewise, the accompanying 3.73b papers only refer to Endocardial Solutions, Inc and therefore also do not reflect the current assignee. Applicant must file new Consent and 3.73b to fix this - simply filing additional assignments does not correct the problem.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lee S. Cohen whose telephone number is 571-272-4763. The examiner can normally be reached on Monday-Friday, 7:00-3:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Linda Dvorak can be reached on 571-272-4764. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
